## DHS TENNIS SHELTERHOUSE PROJECT

In the fall of 2009, we began erecting the new Delta Tennis Shelterhouse to the east side of Court 5 at our tennis complex. This shelterhouse will be used frequently at tournaments, camps, high school matches, and throughout the year. The shelterhouse will include water and electricity, ramps for wheelchair access, and ample seating for as many as 100 guests. It will offer shade on those sizzling hot camp and tournament days, a roof above your head on those rainy days, and a place to meet and socialize with friends during our many picnics.

The idea for the shelterhouse came about following the death of DHS Tennis super-fan Grandma Peggy Brown in October 2008. She requested her memorials to be donations to DHS Tennis, and those donations became the seed money for this project. Subsequently, two additional donors gave \$1,000 apiece to the project, and many others have contributed. We have raised about \$11,500 toward our goal of at least \$20,000 for this project. Now, we need your help to get over the top and make this building continue to become a reality.

Recent DHS Tennis graduate Jared Bullock (Washington University in St. Louis) has produced the architectural design, and as you can see, the building will be a beautiful addition to our site. DHS Tennis parents Mike Loffer and Paul Grove are helping with construction plans, and DHS Tennis parent Bill Peckinpugh is assisting with fund-raising.

In my 20 seasons as boys' tennis coach and 15 seasons as girls' tennis coach, I have been privileged to be a part of more than 750 varsity and JV matches as well as 14 tennis camps, a few dozen tournaments, and literally thousands of practices. Collectively, these experiences have helped create a lifetime of memories for me. I hope you also have fond memories of DHS Tennis and will be willing to rekindle those feelings of teamwork and togetherness by partnering with us in this project. I thank you in advance for your help!

Sincerely, TIM CLELAND, DHS Tennis coach
